INTERNATIONAL STUDENT PROGRAM

Traders Point Christian Schools challenges and educates students within the framework of a biblical worldview while leading them to a transformed life in Jesus Christ. We provide unique opportunities for academic achievement through distinct programming which includes our Schools Within a School model, hands on learning through Project Lead the Way, and dual credit courses. International students gain a higher level of English proficiency through participation in our English as a New Language class (ENL). While in the US, our international students are hosted by a current TPCS family where they will be welcomed and well cared for throughout their stay.

Tuition: \$33,000
